

1. Jo Beau Products BVBA

Name of Participants: Bruno Peeters, Export Manager
Jozef Beauprez, CEO
Arlette Perneel

Company Profile: It manufactures a full range of narrow chippers and stump grinders since 1999.
In 1988 Jozef Beauprez started his business of repairing and selling gardening machines. In wintertime when the business in garden machines is slower, Jozef started to build in 1999 the first chipper mounted on a Walker Mower.
Since the wood chipper worked incredibly well, Jozef envisaged to create an autonomous model.
The first M300 with 13 hp engine was born.
The M300 was a huge success and Jozef started to build more different models of successful chippers like the M200, M300INT, M400 and M500.
The company is currently employing 8 people and its volume has almost tripled.

Interested to meet with: Importers of agricultural and horticultural machinery (equipment).

2. Kempico CVBA

Name of Participant: André Peeters, Commercial Manager

Company Profile: Kempico originates from a long and rich Belgian dairy tradition. Its origin goes back to the co-operative dairy De Gier, founded in 1900. After some mergers, Kempico is now part of Milcobel, the biggest dairy group in Belgium.

For more than 40 years, the cheese factory of Kempico is a consistent supplier of Italian type cheeses to the Italian market. Apart from that activity, Kempico also developed the production and shredding of mozzarella cheese, mainly for the market in Germany, France, Holland and Belgium.

Interested to meet with: Importers and distributors of food products (Focused on cheese), evt. Local cheese producer.
